Dawson Springs Health and Rehabilitation Center

Dawson Springs, KY 42408

2008 KAHCF Western District Facility of the Year!

Dawson Springs Health and Rehabilitation Center is a member of the **Concord Health Systems** family and is located in historic Dawson Springs, Kentucky. Dedicated professionals provide skilled care to individuals of all ages with developmental disabilities and/or behavioral issues. Services are also available for geriatric residents with psychiatric needs.

Dawson Springs Health and Rehabilitation Center therapy provider, Evergreen Rehabilitation, offers residents a full array of services, including physical, occupational and speech therapies. A registered pharmacist monitors all medications to ensure proper protocol is followed when medicines are ordered, delivered, and dispensed. And, optometry, podiatry and dental care are available.

Two gated courtyards and a secured, covered deck provide residents with safe outdoor access. Residents are encouraged to enjoy their beautifully landscaped surroundings. Also, the WanderGuard System is utilized to ensure the safety of all residents.

A barber and hairdresser perform grooming services in the recently remodeled beauty shop located off of the Administrative hall. A spacious dining room reflects a '1950s' theme, an idea suggested by a resident.

**NO sub-standard

Facility of the Year!**

In the absence of the Administrator, the DON, ADON or Charge Nurse is in charge of the building in that order. The Administrative Assistant or any department leader is always willing to assist with duties. Feel free to contact any of our team if you need assistance or have questions. We are always happy to assist you.
